Escalada, Federico A. El Complejo Tehuelche. Estudios de Etnografia Patagonica. /The Tehuelche Complex. Studies of Patagonian Ethnology/ Instituto Superior de Estudios Patagonicos, Buenos Aires: 1949.

Pp.xxiii, 360; 18 plates; bibliography; 5 maps

Library of Congress: F 2936 E75

/This source, by an Argentine Doctor who worked among the native peoples of Patagonia, has not been translated and processed because it has very little original data on aboriginal Tehuelche culture. Much of the book is concerned with supposed prehistoric migrations and cultural layers. Most of the factual material is drawn from Musters and other sources already processed for this file. --Analyst/
